We have worked with The Closet Company three times thus far and each time they have been nothing but stellar! It has been a pleasure working with both Karl and Ann. We really appreciate the work ethic and attention to detail. It's truly what keeps us coming back to procure their services! Organizing Closets Since 1997

To Whom It May Concern,

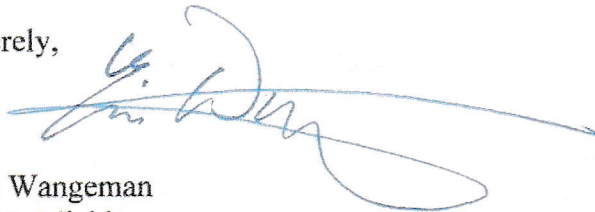

It is my pleasure to recommend The Closet Company. Several years ago my wife and I made the decision to upgrade the small closets in our starter home. We found Ann and Carl from The Closet Company to be professional and thorough. Further, we found that they offered a variety of quality products with reasonable prices. Among the many upgrades we added to our first house, we found our closets from The Closet Company to be one of the most useful to us, and one of the biggest factors in the resale of the home.

We have recently utilized The Closet Company in our new (existing) home. We are (once again) delighted with the product. Ann and Carl offered many designs and worked with us to meet our budget. Truly, one of the most pleasant surprises was the noticeable difference in brightness once the product was installed. We were able to cross "adding new/improved light fixtures to the closets" off our upgrade list.

Whether you are frustrated with your current storage situation, or you are currently building your dream home, I strongly encourage you to invest in upgraded closets from The Closet Company. In doing so you will receive:

- A quality product
- Fair prices
- Exceptional service and strong business ethics
- Varied designs
- Prompt, timely construction

Sincerely,

Hi Karl and Ann!

Bob and I are in FL through the end of March. The condo we are renting has a California Closet setup. I have never seen an actual California Closet until now. The quality and workmanship of your Schulte product is far superior in my estimation. The Schulte product is more solid, has the rounded edges and has a much better feel to it overall. Just wanted to share that with you.....and you can quote me.

Have a safe winter.

To: Whom It May Concern
Subject: The Closet Company

In our efforts to redesign an upstairs closet to accommodate accumulating clutter, we contacted a handyman firm, a national chain and a builder. Most of the companies did not want to undertake such a small job and those that were interested charged a premium. A flier from The Closet Company of Mid-Michigan landed on our doorstep. In just one appointment, they were able to design the perfect closet with all sorts of special features, shoe racks, sweater bins, long and short hanging spaces etc. The best news of all was that the new closet was affordable! Another bonus was the speedy installation and the overall professionalism of the work.

We enjoyed such a positive experience with The Closet Company that several years later we called and asked them to design closets for a dressing room renovation. Once again, the project was completed on time and to our satisfaction.

We recommend The Closet Company of Mid-Michigan if you need to organize your closets.

To whom it may concern:

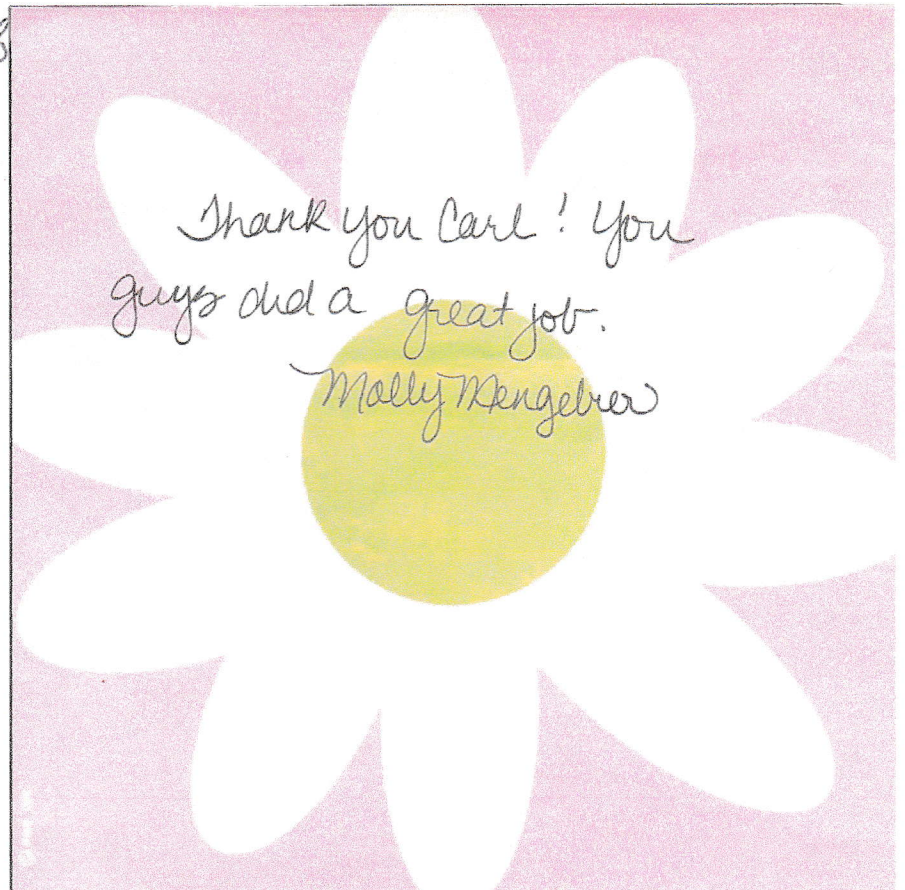

It is my pleasure to recommend the Closet Company. My husband and I have just finished building our new home and wanted as much storage and organization as possible. Dear Karl & Ann:

Every time we go to the Kedzie house and look at our "closet," we are so happy. From beginning to end you guys saw the vision. Tom has followed function... but what awesome form, so beautiful. Thanks a million. Here are some before and after photos... sorry not with a better camera lens & more skill.

Appreciate the referral to Dr. House & Saunders. Will look them up. And Karl, if you have that delicious sounding bean dinner recipe, send it my way when you have a chance: cmshofer@cable-speed.com.
Best to you guys, Chris & Michelle

One client asked us to turn a spare bedroom into a half-closet, half-office.
We enjoyed the challenge.

Dear Ann:

I absolutely love my closets!
I can not begin to tell you what a
difference it has made for me to
store my clothes and shoes.

I am really enjoying the bins
for "stuff." It is full of necessary
things! The kids now know where
to find their books, puzzles and
craft things.

Still have the under the cat
file and basket. Maybe some day
they will be gone! It takes time
to get all organized according to
need.

I enjoyed meeting you and Karl.
Please stop in if you are out this way

Sincerely,
Nancy MacLyster

as I write this - next be sure to get some
